## BURSARIES

Financial assistance, in the form of a limited number of full and partial bursary places, is available each year by competitive entry to pupils entering Secondary 1 only. Bursaries are based both on financial need and academic merit. If you would like your child to be considered for a bursary place, please tick the box below and a Bursary Application Form will be sent to you. Please note that the Bursary Application Form must be completed and submitted no later than 9 January 2015 and that parents whose joint income is in excess of £65,000 are unlikely to be successful.

Your child will sit the entrance test in January and offers will be made in February, at which time you will be notified if your application for financial assistance has been successful.
